Technical Data Sheet | BP2HC

Hard Covered Drum Spill Pallet | For 2 x Drums

Manufactured from medium density polyethylene, the BP2HC spill pallet boasts a durable construction with a hard cover and roller shutter door for added protection. Engineered to accommodate 2 x 205ltr drums placed side by side on a removable plastic grid, this sturdy spill pallet provides easy access to the sump area, ensuring hassle-free cleaning and decontamination. The sump, fully compliant with all UK regulations regarding capacities, ensures effective containment, while the UV-stabilized construction guarantees long-lasting outdoor use.

Product Specifications

External Dimensions (WxDxH)	1020 x 1450 x 1690mm
Unit Weight	Approx. 85kg
Sump	230ltr
Padlock Hole Dimension	8.5mm
UDL	650kg
UK Pack Size	1
Export Pack Size	1

Product Features and Benefits

- Detailed product inscription; product name, uniform distributed load weight, sump capacity, PE recycling logo and empty before moving warning message. These additions increase both functionality and environmental awareness.
- Hard cover with roller shutter door for added protection and easy access
- Removable plastic grid facilitates hassle-free cleaning and decontamination of the sump area
- Suitable for outdoor use with rainwater protection
- Central lock and outward lip for easy opening and closing of the door
- Backed by a 3-year guarantee for quality assurance
- UV stabilised
- Available colors: Yellow
